THE NEW YORK WORLD  
THRICE-A-WEEK EDITION  
Read Wherever the English Language is Spoken.

The Thrice-a-Week-World long ago established itself in public favor, and it is now recognized as the strongest publication of its kind in the United States. Advertisers and publishers seeking clubbing combinations—and they know best—universally testify to this. It is widely circulated in every State and Territory of the Union, and even in remote South Africa and on the gold fields in the deserts of Australia. These are the things that tell.

Next year we have the Presidential campaign, in which all Americans are deeply interested. Already the issues are being discussed and the two great parties are preparing for the first moves. You will not want to miss any details, and if you subscribe now your year's subscription will cover the campaign from beginning to end.

The Thrice-a-Week-World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, the Democrat and Republican alike can obtain in its pages truthful accounts of all the great political contests.

In addition to all the news, the Thrice-

a-Week-World furnishes the best serial fiction, elaborate market reports and other features of interest.

The Thrice-a-Week-World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and the Clarksburg Weekly Telegram, together one year for \$1.65.

The regular subscription price of the two papers is \$2.00. d-w-1f.

### A Physician Healed.

Dr. George Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been greatly bothered with kidney and bladder trouble and enlarged prostate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success." Sold by C. D. Sturm & Co., Stone & Mercer and R. J. Criss.

ger of a crop failure and consequent financial ruin?

Are you tired of working hard all season without a fair financial return on your efforts?

Do you want to avoid all this, and live in a country where the air is always balmy and the climate healthy; where crop failures are unknown and financial troubles vanish; where land can be bought cheaply and taxes are almost nothing; where churches and schools are plentiful and the country thickly settled?

All of these advantages can be secured along the lines of a double tracked railroad, and with the greatest markets in the United States at your very door.

A postal or letter addressed to the undersigned will bring you FREE OF CHARGE, descriptive matter and full particulars.

### An Open Letter.

From the Chapin, S. C., News: Early in the spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Colic, Cholera

### Passed Stone and Gravel With Excruciating Pains

A. H. Thurnes, Mgr. Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pains. Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good."

### No Other Remedy Can Compare With It

Thos. W. Carter, of Ashboro, N. C., had Kidney Trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure, and he says there is no remedy that will compare with it.

### ANIMAL STOWAWAYS.

On Ships and in Cargoes They Often Cross the Ocean.

New York has for many years received numbers of destitute aliens of the animal world from the holds of the banana ships. The trade in bananas is an enormous one, and many of them come from sources at no great distance, whence the fruit can be brought without cold storage. The big clusters of bananas are peculiarly adapted for harboring "stowaways." Among these are enumerated numbers of small, harmless snakes, lizards of various kinds, occasionally, it is said, a young iguana and large and particularly venomous spiders. But real pests which survive and increase in a new country are fortunately rarely transported accidentally. The one serious instance is the chigo, or "jigger." It is said to have been transported from Central America to the East Indies.

The Colorado beetle has never succeeded in making a home in England, though mosquitoes of a peculiarly ferocious though malarial kind are said to have appeared in English hotels. Several corn beetles, a very destructive type of insect and among the greatest enemies of those who would like to create an "emergency" store of corn, have been "dumped" in England with foreign grain and have established themselves.

Bird "stowaways" on ships are very numerous in the narrow parts of the Mediterranean during the migration. They also frequently alight on ships when they are near the coast, being then very much exhausted and glad to find "a rest for the soles of their feet." Golden crested wrens sometimes descend in a storm on some North sea smack on a migration night and even alight on steamers by day. It was confidently stated that a golden crested wren was seen to fly from off the back of a short eared owl when the latter came in from the sea and alighted near a jetty on the east coast.

The belief that some little birds come as "stowaways" on the backs of larger ones was held in reference to the Canada geese by the North American Indians and by the Turks of Cyprus, who alleged the same of the crane and stork. That some birds must travel great distances on ships crossing the Atlantic seems probable. The American bittern and two American cuckoos have been found in England, the first rather frequently. It is conjectured that they can only have crossed the ocean by travelling on the masts and yards of ships, probably steamers, as otherwise they must have died of starvation.—London Spectator.

### Children in Peril.

Some of the most anxious hours of a mother's life are those when the little ones have the croup. Foley's Honey and Tar is a safe and effective remedy that never fails. "My boy would have died from membranous croup if it had not been for Foley's Honey and Tar," writes C. W. Lynch, of Winchester, Ind. Sold by Stone & Mercer, C. D. Sturm & Co. and R. J. Criss.

### FOR THOSE WHO THINK.

Don't dally with your purpose. Character is the poor man's capital. Men call their own carelessness and inactivity fate. The lucky man is the one who grasps his opportunity. The largest room in the world is the room for self improvement. We get out of life just what we put into it. The world has for us just what we have for it. Don't brood over the past or dream of the future, but use the instant and get your lesson from the hour. Stock taking every day is a great aid to advancement. Stop and add yourself up at the close of each day and see if you have anything to carry over. If you have nothing but ciphers to carry over something is wrong somewhere. Success.

### A Cure For Piles.

"I had a bad case of piles," says G. F. Carter, of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by Wells & Haymaker.

### The World Went On.

Arter being laid up for two weeks with a sprained ankle I got out to find the world turning round just as same as I feel but that it hadn't stopped. Dat's a fact the world has, however, an' perhaps it don't do no harm to find out how mighty little we amount to.—Detroit Free Press.

### An Author Explains.

Mrs. Marigold—How do you happen to be so much brighter than other people, Mr. Author? Mr. Author—Well—er—you see, the criticisms of my books make me smart.—Kansas City Journal.

### Hard to Collect.

"The world owes me a living," said the young man. "I suppose so," said the old one, "but you are not so fortunate as to be a preferred creditor."—Judge.

### Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Stone & Mercer.

### WORSHIPED AS A GOD.

An English General Who Was Persecuted by East Indians.

John Nicholson, British colonel and brigadier general, was once worshipped as a god. He was the eldest son of Alexander Nicholson, a physician of Dublin. This gallant soldier distinguished himself in the Punjab campaign of 1848-49, when he was appointed a deputy commissioner of the annexed Punjab under Sir Henry Lawrence. At Bannu, dealing wisely with an ignorant and bloodthirsty people, he evolved in the course of five years such order and respect for law that murder and highway robbery, previously so rife, were unknown in the district. He so impressed his powerful personality on the natives that he became to them a demigod, and in Hazara a brotherhood of fakirs in 1848 instituted a religious cult for the worship of "Nikh-Seyn," which continued to flourish in spite of Nicholson's efforts to suppress it even by punishment.

At a moment of victory during the siege of Delhi in 1857 this hero fell mortally wounded in the street while leading his men. He died a few days later on the 23d of September, 1857, and was buried in front of the Kashmir gate.

### If You Have Dyspepsia, Read This.

The old way of taking pepsin, bismuth, etc., to cure dyspepsia is all wrong. They may be put up in tablets or in liquid, the result is just the same. The object is to create artificial digestion, but this does not make a cure. Stop taking the pepsin, etc., and you have your dyspepsia or indigestion back again and sick headache, it does not cure, stop taking the drugs and the pain and distress return. The only common sense method is to drive out of the system the cause of dyspepsia and sick headache, by cleansing the stomach and bowels, at the same time using a medicine that will act on the liver. This forces through the glands of the stomach the digestive fluid that nature intended. In this way you cure dyspepsia. The medicine that cures dyspepsia by this method is called Dr. Gunn's Improved Liver Pills. Druggists sell these pills at 25c per box. It only takes one pill for a dose. Sold by Stone & Mercer.

### The Heloderma.

The venomous lizard, heloderma, lives in the warm zone between the Cordilleras of Central America and the Pacific ocean. It secretes a poisonous saliva and has the curious habit of throwing itself on its back when struck. Its bite is not always so dangerous as popular opinion makes it, and after severe pain it often rapidly heals. Recent observations show that the saliva is sometimes very poisonous and sometimes very innocuous. The poison acts by coagulating the blood and first increasing then diminishing the irritability of the nerves.
